## Free\*\* Symposium for Primary Care Physicians

### HEMANGIOMAS AND VASCULAR ANOMALIES. THEY DON'T JUST GO AWAY

Mall Classroom at St. Francis Hospital  
Charleston, SC

**Saturday, May 21, 2016**  
8am - 3:30pm

Lectures will include clinically relevant information on the 400,000 children that will be born this year in the US with vascular anomalies and will be seen by primary care physicians.

- \* Why not all vascular lesions are hemangiomas
- \* Why they don't all just "go away"
- \* How to recognize problem lesions and associated syndromes
- \* The latest medical and surgical options for treatment
- \* How to manage Hemangiomas with **medical therapies**
- \* Bring your mid-level provider:  
There will be lectures by specialized nurses

**\*\* In Lieu of Registration Fees please consider a donation to THTF to help a disadvantaged child!!**
