

CAMPAIGN TO FIGHT LYMPHATIC DISEASE

It is through contributions and sponsorships that we are able to advance our mission to fight lymphatic disease and lymphedema through education, research and advocacy

Leadership Circle

LE&RN has created a **Leadership Circle** with a goal of 100 members committed to the fight against lymphatic disease and lymphedema with an annual contribution of \$5,000 or more. Leadership Circle members are the backbone of LE&RN—funding our educational, advocacy and research programs.

Why Join the Leadership Circle?

Without you, lymphedema and lymphatic disease will remain relatively invisible on the national scene. Only with your contributions can we offer opportunities that bring young researchers into the field, fund a patient registry and tissue bank to foster treatment breakthroughs, offer educational symposiums featuring the world’s top researchers and practitioners, and advocate for the rights of people with these diseases.

Benefits of Being a Leadership Circle Member

- Knowing you are part of a select community at the forefront of forging momentous change
- Biennial executive reports updating the Leadership Circle on accomplishments and plans
- Recognition of your Leadership status on the LE&RN website
- Weekly news updates

Ways to Join

- Visit LymphaticNetwork.org; click on *Get Involved—Leadership Circle*, and complete the online form.
- Print the online form and mail your check to the LE&RN office.
- Call the LE&RN office and staff will arrange for your membership
- E-mail the Executive Director directly and request a meeting: wrepicci@LymphaticNetwork.org
