

SPEAKERS

Stanley G. Rockson, MD
Director, Center for Lymphatic
and Venous Disorders
Stanford University School of
Medicine, Falk Cardiovascular
Research Center
.....

Steven M. Dean, DO
Director of the Vascular
Medicine Program,
The Ohio State University
Wexner Medical Center
.....

Joseph Dayan, MD
Plastic Surgeon Specializing in
Microsurgical Reconstruction,
Memorial Sloan Kettering
Cancer Center, New York
.....

Dhruv Singhal, MD
Director of Lymphatic Surgery,
Beth Israel Deaconess Medical
Center, Harvard Medical Faculty
Plastic Surgeon
.....

David Hovsepian, MD
Clinical Professor,
Vascular and Interventional
Radiology, Stanford Healthcare
Interventional Radiology

Presented by

Lymphatic Education
& Research Network

In association with

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Academy for Continued Healthcare Learning and LE&RN. ACHL is accredited by the ACCME to provide continuing medical education for physicians.

The Academy for Continued Healthcare Learning designates this live activity for a maximum of **7.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Guidelines require that participants in CME activities be made aware of all financial relationships that may be perceived as affecting the presentation of the faculty member. ACHL ensures that all faculty and staff involved in the planning, development, and implementation of ACHL activities disclose relevant financial relationships and that conflicts of interest are resolved before the CME activity occurs. Complete information will be provided to participants prior to the start of the educational activity.

Lymphatic-Vascular Disease: Diagnosis & Treatment

Earn Up to 7 CME Credits Online! Level 1 (3 Credits) and Level 2 (4 Credits)

LE&RN is proud to present the groundbreaking online **CME Seminars for Physicians Lymphatic-Vascular Disease: Diagnosis & Treatment**, in association with **Lymphedema Seminars**. These courses are an exciting educational portal to

understanding the interplay of the lymphatic and vascular systems as related to patient health. This seminar is intended for physicians who need to diagnose and/or treat patients with lymphedema (LE) and/or lipedema (LI).

Lymphatic research has led to a rapidly emerging field with standards for *Centers of Excellence in Lymphatic Medicine* being developed by the world's top institutions. Up to 10 million Americans are estimated to suffer from lymphedema with an additional 17 million women in America estimated to have lipedema. Yet, many patients with these diseases struggle to find physicians who are prepared to undertake their necessary medical care. Upon completion of this activity, participants will be able to recognize the physical, imaging, and laboratory findings relevant to a lymphedema or lipedema diagnosis; compare and contrast the available therapies for lymphedema and lipedema; and diagnose potential candidates for lymphatic surgery. Questions? Contact us at LERN@LymphaticNetwork.org.

CURRICULUM

LEVEL 1 (3 Credits)

1. The Lymphatic System
2. Lymphedema
3. Lymphedema Physical Examination and Staging
4. Brief Overview of Imaging Techniques
5. Treatment Overview
6. Lymphedema Complications
7. Psychosocial Considerations

LEVEL 2 (4 Credits)

1. Lymphedema Pathogenesis and Cutaneous Histopathology
2. Lymphedema Staging Techniques
3. An In-depth Review of Imaging Techniques, Including Indications, Sensitivity and Specificity
4. High-risk Surveillance Techniques and Interventions
5. Lymphedema Differential Diagnosis
6. Management of Lymphedema Complications, Including Cellulitis Management
7. Surgical Approaches to Lymphedema
8. The Changing Field of Lymphatics

Physicians who successfully complete this course will be listed on the LE&RN website.
