JOIN THE **LE&RN** ROME CHAPTER!

The World Health Organization estimates that over 250 million people worldwide have lymphedema (LE).

The **Lymphatic Education & Research Network's** Rome Chapter connects people affected by lymphedema and lymphatic diseases (LD) across the metropolis. The chapter's goals are to build a community, increase awareness, educate others, and fight for a cure.

Please visit the LE&RN Rome Chapter website at <https://lymphaticnetwork.org/chapters/rome>

And follow the Rome Chapter on 

To become involved, contact **Guido Gabriele** at RomeChapter@lymphaticnetwork.org

ROME

Lymphatic Education
& Research Network

The **Lymphatic Education & Research Network** has been fighting lymphedema (LE) and lymphatic diseases (LD) since 1998. Whereas millions suffer from these diseases, they are routinely undiagnosed or mistreated.

LE&RN is dedicated to fighting lymphatic diseases through education, research, and advocacy. We seek to accelerate the prevention, treatments, and cures for lymphedema, lipedema, lymphatic anomalies, and the continuum of lymphatic diseases.
